April 14, 2025

We are thrilled to share the latest updates on the construction of Evergreen Community's new campus! The project is moving forward, with completion anticipated in spring 2026.

Significant progress has been made across the campus:

- **Skilled Nursing (SNF):** The walls have been framed, exterior wall sheathing is in place, windows have been installed, and shingles have been installed. Mechanical, electrical, and plumbing installation is progressing in the interior of the building. The skilled nursing area of the building passed the Kansas Department of Aging and Disability Services and the State Fire Marshal 50% completion inspection on March 27, 2025.
- **Independent Living (IL) Apartments:** The walls are framed and the exterior wall sheathing is installed for all three floors, windows have been installed, and shingles have been installed. Mechanical, electrical, and plumbing installation is beginning.
- **Assisted Living (AL):** All underground electrical and plumbing work has been completed. The concrete slab has been completed and framing has started.

As we watch the campus take shape, we remain focused on creating a vibrant, resident-centered community. The new campus will feature private rooms for all levels of care and dedicated hospice services. We look forward to hosting community preview events where future residents can explore independent living options. Deposits are now being accepted for those interested in securing an apartment at Evergreen.

Alongside construction, our capital campaign is in full swing as we work to raise the \$11.5 million needed to make this vision a reality. Every dollar donated enhances the care and services we provide, directly benefiting Evergreen residents. Whether through a one-time gift or ongoing support, your generosity makes a meaningful impact.

There are also several naming opportunities available throughout the campus, including the raised garden beds, chapel, pub, and more—offering a special way to create a lasting legacy at Evergreen Community.

To learn more about how you can contribute, explore naming rights, or reserve an independent living apartment, please contact Belinda Vierthaler, Chief Development Officer, at 913-477-8242 or BelindaV@ecojc.org.

Thank you for being part of this journey. Together, we are building a stronger future for Evergreen Community!
